We find much of our inspiration all around us, in the city of Copenhagen, among people and architecture. Might sound like everyone else in the fashion industry, but we believe we're on the right track right into every men's wardrobe with what we do.

Simple fashion in great quality. Clean cuts, sharp looks mixed with Copenhagen attitude and you have Clean Cut Copenhagen.

CLEAN CUT COPENHAGEN

COPENHAGEN,
FEBRUARY,
SOME TIME AGO...

Ever since the beginning we have tried to create a look "free from ambiguity or uncertainty" when we make Clean Cut Copenhagen. With sharp looks, clean cuts, the streets of Copenhagen, comfort, Danish hygge and hanging out with friends. Mix everything and you have Clean Cut Copenhagen. A brand where you can be you. Regardless of the occasion, time of day or season we want you to look great all day, every day!

/Christian Bisgaard,
creator and owner

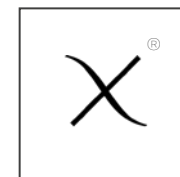

SUIT UP

A key style in our collections are the suit. That clean sharp look with a beautiful defined silhouette and **a perfect fit**. A precise placed seam at the edge of your shoulder, right where it slopes down to your arm, giving the shoulder a flat smooth fall, without wrinkled fabric or crease. Added soft quality fabrics with the perfect percentage of stretch - we are proud to deliver suits that suit you!

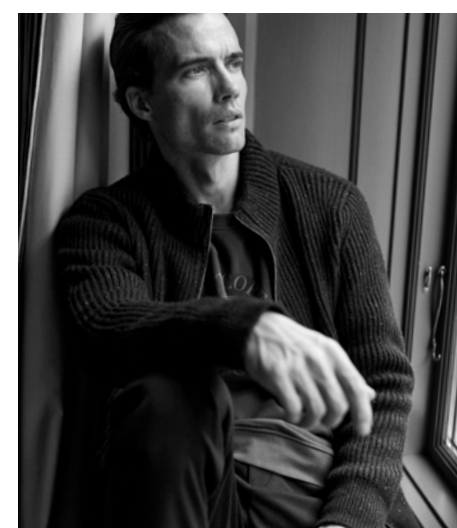

CLEAN CUT COPENHAGEN

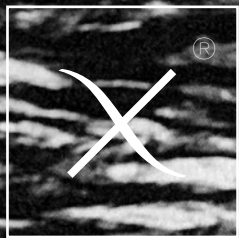

FOR EVERYDAYS AND EVERYNIGHTS

We give you a full head to toe wardrobe for all occasions and all kind of days.

CLEAN CUT COPENHAGEN

THE CLEAN CUT COPENHAGEN FREEDOM

Stretch is our way of giving you freedom to move freely. The main part of our collection are added the perfect percent of stretch, so you can wear what ever you like when ever you like - even a suit on the couch on a sunday morning if that's your desire.
